

Tennis Anyone? At The Essex Resort & Spa it's Double Love

06/18/2021

Summertime in Vermont is always a special treat for both locals and visitors. While the state offers so much beauty and adventure itself, one of our summer favorites offered at the Essex Resort is recognized by Tennis Magazine and The Tennis Channel's Destination: Tennis Series - Vermont Tennis Vacations.

Whether you're a seasoned tournament player or just learning how to get in the game, the resort offers many options for you to enjoy. Remember going to camp as a kid? Well guess what - you can jump right back in and take in all the Rob Barr Tennis Academy has to offer. The camp combines technique, strategy, shot selection, competitive drills and most importantly, incredible fun! Aspiring tournament players and casual players alike can leverage this opportunity to focus on stroke development and tactical applications.

If camp isn't quite your style, join our instructor for private or group instruction. No Matter what type of coaching you're looking for, we've got it. The Essex offers six beautifully maintained clay courts for all our guests at no charge.

What are you waiting for?! We'll see you on the court!
